**Subject:** Orange the World Campaign request for lighting

Hi. Greater Van Grandmothers Advocacy Network ([grandmothersadvocacy.org](http://grandmothersadvocacy.org)) thanks Port Moody for lighting City Hall in Orange on November 25th for several years. You have agreed to do this again this year, but we are asking that you extend this lighting for the full 16 days of the campaign which ends on December 10, Human Rights Day. I have checked your lights schedule and this doesn't seem to conflict with other groups. Our wish is to bring this staggering problem to greater awareness and are working to get an article in the local newspaper. Gender-based violence has greatly increased during the COVID pandemic to the point it has been called a Shadow Pandemic. More light is needed on the issue. Thanks, Gail Mullan s. 22 - Personal Information or s. 22 - Personal Information
