Inlet Skating Club	1	\$3,000

CAG Comments on the Community Grant Program

All suitable candidates; and hope they reapply if denied grant money this round of applications. Thank you to all for their good works.
Crossroads Hospice Society serves an important need in our community to make death a good experience for the person passing and the family. The Immigrant Link Center Society ensures that food is not wasted and given to those that need it. Cancer patients should not have to worry about getting to treatment. Elderly people should be ensured good meals and mental health is an important issue in our community.
I think some of the applicants that are not from Port Moody or tri cities should not be included.
Thank you for the opportunity to participate in this process. Very worthwhile.
Comment redacted
This was hard to choose only five, glad to see so many great groups in Port Moody doing good for their community.
The \$18,000 should be equally divided amongst the winners. In my case, they'd receive \$6,000 each.
