All information provided on this page, as well as any additional pages submitted, may be included in the agenda package, which is published in print and forms part of the permanent public record.

Name of Delegation: BIMES Mossom Creek Hatchery

Name of Primary Contact Person: Patrick Dennett

Name(s) of Delegation Member(s) in Attendance:

Patrick Dennett, Tracy Green

Purpose of Delegation:

Request for funding to achieve Gold Seal Certification for the Mossom Creek Hatchery under the Rick Hansen Foundation Accessibility Program

Details of Request:

I live in Port Moody and was the volunteer Project Manager and Construction Manager for the rebuild of the a Mossom Creek Hatchery that was destroyed in December 2013. At the time of the rebuild I did not have many resources to address the need for making the building Accessible for people who have physical challenges. A number of elements were included, but more can be done.

The purpose of the project is to bring awareness to how important Accessibility is in our society. My goal is to demonstrate this by working with the Rick Hansen Foundation Accessibility Group to achieve Gold Seal Certification by making Mossom Creek Hatchery an example and leader in making buildings more accessible and inclusive to people with physical challenges so that they can feel part of the Port Moody Community and feel welcome and able to attend our education sessions, to possibly assist in the volunteer work done at Mossom and enjoy the serenity of the site within our City.

Additional Information in Support of Request:

I would like to apply for the remaining funds under the Community Grant Program of \$1453 towards this project in order to recognize the City of Port Moody as a Partner in this endeavour.
