

Memorandum

Date: April 26, 2023

Submitted by: Finance and Technology Department – Financial Services Division

Subject: 2023 Grant Funding - First Quarter Update

The City currently receives significant amounts of grant funding from senior levels of government. Although it is beneficial for the City to receive this type of funding, it is important to note that in most cases, grants cover only part of project costs, leaving the remaining portion to be covered by the City. As there is no assurance that the City will receive similar levels of grant funding in future years, per the City's Long-Term Strategic Financial Framework, it is policy that the City cover costs with its own revenues, and view grant funding as only supplemental. Further, grants should only be pursued for projects that are a priority for the community.

To achieve Council's objective of ensuring a sustainable and resilient municipal economy, staff will continue to report this information to Council on a regular basis. A detailed listing of annual and new grants applied for during the period of January 1 to March 31, 2023, is included for the Committee's information as **Attachment 1**. The recommended resolution is:

THAT the memo dated April 26, 2023 from the Finance and Technology Department – Financial Services Division regarding 2023 Grant Funding - First Quarter Update be received for information.
