

# City of Port Moody

## Report/Recommendation to Council

Date: June 25, 2024  
Submitted by: Engineering and Operations Department – Operations Division  
Subject: 2023 Annual Water Quality Report

---

### Purpose

To present the City's 2023 Annual Water Quality Report for Council's information.

---

### Recommended Resolution(s)

**THAT the report dated June 25, 2024, from the Engineering and Operations Department – Operations Division regarding 2023 Annual Water Quality Report be received for information.**

---

### Background

The British Columbia *Drinking Water Protection Act* and the British Columbia Drinking Water Protection Regulation require the City of Port Moody to conduct monitoring of the City's water distribution system and publish the results in an annual report. The 2023 Annual Water Quality Report (**Attachment 1**) fulfills this requirement by outlining all water quality sampling results and confirms that the City has maintained its water distribution system in a manner that meets all applicable laws and standards.

The report has been submitted to Fraser Health Authority and will be made available to the public in accordance with the British Columbia *Drinking Water Protection Act* and British Columbia Drinking Water Protection Regulation.

### Discussion

Metro Vancouver collects and analyzes water samples from the distribution system on behalf of the City of Port Moody. A full summary of well water quality sampling results can be found in the appendices of the 2023 Annual Water Quality Report.

A graphical summary of the 2023 Annual Water Quality Report is presented in **Attachment 2**.

### Other Options

This report is for information only; therefore, no other options are being provided.

## **Financial Implications**

There are no financial implications associated with receiving the 2023 Annual Water Quality Report.

## **Communications and Public Engagement Initiatives**

The 2023 Annual Water Quality Report will be posted on the City website.

## **Council Strategic Plan Goals**

This report is an annual regulatory requirement and is consistent with all Council strategic priorities.

## **Attachment(s)**

1. 2023 Annual Water Quality Report.
2. 2023 Annual Water Quality Report Summary.

## **Report Author**

Kyle Gregory

Superintendent – Utilities, Engineering and Operations
