Mayor and Council:

Re: New Positions

On behalf of the members of Port Moody Firefighters Local 2399, we extend our profound thanks for your recent decision to approve two new suppression firefighting positions, and for your ongoing commitment to public safety in our community.

Your investment in our department demonstrates your recognition of the critical role we play in protecting the lives and property of Port Moody's residents. By increasing our staffing levels, you have not only bolstered our ability to respond effectively to emergencies but also ensured a safer working environment for our firefighters.

We recognize the financial and logistical challenges involved in these decisions, and we are truly grateful for your leadership in prioritizing public safety. This commitment will have a lasting impact, not just for our department, but for the entire community.

Once again, thank you for your partnership and trust in the work we do.

Sincerely,

Wade Perrett
