Good morning Tracy,

Thank you so much, your consideration is highly appreciated. World Parkinson's Day is an annual event and it is on April 11 every year.

Best,

Kat Perez

Thanks, Kat.

We will put your request on an upcoming Council agenda for consideration.  
Can you please confirm whether your request is for 2020 only, or an annual request? If it is annual, will the date be April 11 every year or will the specific date change each year?

Subject: Parkinson Society BC April Awareness

In recognition of World Parkinson's Day this April 11, Parkinson Society British Columbia is partnering with landmarks and facilities across the province to light up for Parkinson's awareness. We would like to invite Port Moody to show its support for over 13,000 British Columbians living with Parkinson's, and help spread the message that no one is alone in their journey with this disease.

Please consider lighting up the Inlet Centre Fire Hall and Civic Centre Brovold Room in teal and magenta this April 11 to signify the colours of our community as represented by Parkinson Society BC. For over 50 years, our Society has served to empower people with Parkinson's and their loved ones by providing resources and tools for self-management, self-reliance, and self-advocacy. To learn more about the Society and World Parkinson's Day, visit [www.parkinson.bc.ca/awareness](http://www.parkinson.bc.ca/awareness).

If you require any additional information about our campaign, or have any questions about Parkinson Society BC, please let me know. We look forward to hearing from you.

Your support makes a difference. Thank you for your consideration.

Warm regards,

Kat Perez
