

# Community Emergency Preparedness Fund

## Emergency Operations Centres & Training

### 2020 Program & Application Guide

#### 1. Introduction

---

The [Community Emergency Preparedness Fund](#) (CEPF) is a suite of funding programs intended to enhance the resiliency of local governments, First Nations and communities in responding to emergencies. Funding is provided by the Province of BC and is administered by Union of BC Municipalities (UBCM).

Starting in May 2019, the funding streams include:

- Indigenous cultural safety and cultural humility training
- Emergency operations centres and training
- Emergency support services
- Evacuation route planning
- Flood risk assessment, flood mapping and flood mitigation planning
- Structural flood mitigation
- Volunteer and composite fire departments equipment and training

#### Background

An Emergency Operations Centre is a physical location where representatives come together during an emergency to coordinate response and recovery actions and resources, support emergency response personnel in the field, and coordinate all official communications regarding the emergency.

Under the *Emergency Program Act*, municipalities and regional districts are responsible for responding to emergencies in their area. In April 2017, Emergency Management BC entered into a 10 year service agreement with Indigenous Services Canada in order to be able to provide equivalent emergency management services to First Nations.

#### Emergency Operations Centres & Training Funding Stream

The intent of this funding stream is to support eligible applicants to build local capacity through the purchase of equipment and supplies required to maintain or improve Emergency Operations Centres (EOC) and to enhance EOC capacity through training and exercises. Ongoing operational costs are not eligible.

#### 2. Eligible Applicants

---

All local governments (municipalities and regional districts) and all First Nations (bands and Treaty First Nations) in BC are eligible to apply.

Eligible applicants can submit one application per intake, including regional applications or participation as a partnering applicant in a regional application.

### 3. Eligible Projects

---

In order to qualify for funding, applications must demonstrate the extent to which proposed projects will maintain or improve EOCs and/or enhance EOC capacity.

In addition, to qualify for funding, projects must be:

- A new project (retroactive funding is not available)
- Capable of completion by the applicant within one year from the date of grant approval
- In alignment with [Emergency Operations Centre Operational Guidelines](#)

#### Regional Projects

Funding requests from two or more eligible applicants for regional projects may be submitted as a single application for eligible, collaborative projects. In this case, the maximum funding available would be based on the number of eligible applicants included in the application. It is expected that regional projects will demonstrate cost-efficiencies in the total grant request.

The primary applicant submitting the application for a regional project is required to submit a resolution as outlined in Section 6 of this guide. Each partnering applicant is required to submit a resolution that clearly states their approval for the primary applicant to apply for, receive, and manage the grant funding on their behalf.

### 4. Eligible & Ineligible Costs & Activities

---

#### Eligible Costs & Activities

Eligible costs are direct costs that are approved by the CEPF Evaluation Committee, properly and reasonably incurred, and paid by the applicant to carry out eligible activities. Eligible costs can only be incurred from the date of application submission until the final report is submitted.

Eligible activities must be cost-effective and may include:

- *Updated November 2019* - Purchase and installation of equipment and supplies to maintain or improve EOCs (e.g. information technology, communication systems, generators, trailers, etc.)
- Training and exercises to increase EOC capacity
- Establishing public emergency communications systems or programs

The following expenditures are also eligible provided they relate directly to the eligible activities identified above:

- Consultant costs
- Incremental applicant staff and administration costs
- Public information costs

#### Ineligible Costs & Activities

Any activity that is not outlined above or is not directly connected to activities approved in the application by the CEPF Evaluation Committee is not eligible for grant funding. This includes:

- Routine or ongoing operating costs (i.e. heating and lighting; security; software subscriptions or other subscription fees)
- Use of an EOC during an emergency
- Training offered through the [Provincial Emergency Management Training Program](#)
- Major capital improvements or renovations to existing facilities and/or construction of new, permanent facilities
- Purchase of vehicles

- Costs related to developing or submitting the application package

## 5. Grant Maximum

---

The Emergency Operations Centres & Training funding stream can contribute a maximum of 100% of the cost of eligible activities to a maximum of \$25,000.00.

In order to ensure transparency and accountability in the expenditure of public funds, all other grant contributions for eligible portions of the project must be declared and, depending on the total value, may decrease the value of the grant.

## 6. Application Requirements & Process

### Submission of Applications

Applications should be submitted as Word or PDF files. If you choose to submit your application by e-mail, hard copies do not need to follow.

### Review of Applications

UBCM will perform a preliminary review of applications to ensure the required application elements (identified above) have been submitted and to ensure that basic eligibility criteria have been met. Only complete application packages will be reviewed.

Following this, the CEPF Evaluation Committee will assess and score all eligible applications. Higher application review scores will be given to projects that:

- Were not funded as part of the 2018 or 2019 Emergency Operations Centres & Training intake
- Clearly demonstrate how EOCs will be maintained or improved and/or demonstrate that EOC capacity will be enhanced
- Consider large scale Emergency Support Services scenarios
- Support recommendations or requirements identified in the local Emergency Plan

- Demonstrate transferability to other local governments and First Nations in BC
- Include in-kind or cash contributions to the project from the eligible applicant, partnering applicant(s), community partners or other grant funding
- Are cost-effective

Point values and weighting have been established within each of these scoring criteria. Only those applications that meet a minimum threshold point value will be considered for funding. The CEPF Evaluation Committee will consider the provincial and regional distribution of all proposed projects. Funding decisions will be made on a provincial priority basis.

All application materials will be shared with the Province of BC

## **7. Grant Management & Applicant Responsibilities**

---

Grants are awarded to eligible applicants only and, as such, the applicant is responsible for completion of the project as approved and for meeting reporting requirements.

Applicants are also responsible for proper fiscal management, including maintaining acceptable accounting records for the project. UBCM reserves the right to audit these records.

### **Notice of Funding Decision**

All applicants will receive written notice of funding decisions. Approved applicants will receive an Approval Agreement, which will include the terms and conditions of any grant that is awarded, and that is required to be signed and returned to UBCM. Grants are paid at the completion of the project and only when the final report requirements have been met.

Please note that in cases where revisions are required to an application, or an application has been approved in principle only, the applicant has 30 days from the date of the written notice of the status of the application to complete the application requirements. Applications that are not completed within 30 days may be closed.

### **Changes to Approved Projects**

Approved grants are specific to the project as identified in the application, and grant funds are not transferable to other projects. Approval from the CEPF Evaluation Committee will be required for any significant variation from the approved project.

To propose changes to an approved project, approved applicants are required to submit:

- Revised application package, including updated, signed application form, updated budget and an updated Council or Board resolution
- Written rationale for proposed changes to activities and/or expenditures

The revised application package will then be reviewed by the CEPF Evaluation Committee at the next scheduled meeting.

Applicants are responsible for any costs above the approved grant unless a revised application is submitted and approved prior to work being undertaken.

### **Extensions to Project End Date**

All approved activities are required to be completed within one year of approval. Under exceptional circumstances, an extension beyond this date may be requested in writing and is subject to approval by the CEPF Evaluation Committee.

## **8. Final Report Requirements & Process**

---

All funded activities must be completed within one year of notification of funding approval and the final report is due within 30 days of project completion.

Applicants are required to submit an electronic copy of the complete final report, including the following:

- Completed Final Report Form
- Financial summary
- Copies of any training or capacity building materials that were produced with grant funding
- Optional: photos and/or media directly related to the funded project
