Subject: Fwd: BIRD WEEK - Finalized Presentation for Delegation to Council on Tuesday, February 18 at 6 pm

Hello Dorothy

Please find attached a revised version of the proclamation that we had originally sent to your office regarding the proposed Bird Week, May 3-9, 2020. The proclamation request has been revised from Bird Week for the period May 3 -9, 2020, to Bird Day for the day May 9, 2020.

Please contact me if you have any questions.

Thank you

Christina

The Office of the Mayor
CITY OF PORT MOODY

Proclamation
BIRD DAY

On the invitation of Bird Week Vancouver in their 10th annual year:

The City of Port Moody joins to celebrate World Migratory Bird Day as one of ten communities in Metro Vancouver which is home to over 300 bird species within four internationally recognized Important Bird Areas. It is a major stopover along the Pacific Flyway traversed by more than a billion migrating birds each year.

We recognize the need for the awareness and protection of migratory birds and their habitat.

Birds inspire us with their beauty, their grace and their tenacity, pausing in our backyards and at our bird feeders along their incredible migration, singing in the dawn and reminding us of the interconnected web we live in from pole to pole.

I, _____, Mayor of Port Moody
Rob Vagramov

do hereby proclaim May 9, 2020 **BIRD DAY**

in the City of Port Moody
