

City of Port Moody

Report/Recommendation to Council

Date: June 24, 2020
Submitted by: Engineering and Operations Department – Operations Division
Subject: 2019 Annual Water Quality Report

Purpose

To present the City's 2019 Annual Water Quality Report for Council's information.

Recommended Resolution(s)

THAT the report dated June 24, 2020 from the Engineering and Operations Department – Operations Division regarding 2019 Annual Water Quality Report be received for information.

Background

The *British Columbia Drinking Water Protection Act* and the *British Columbia Drinking Water Protection Regulation* require the City of Port Moody to conduct monitoring of the City's potable water distribution system, and publish the results in an annual report. The 2019 Annual Water Quality Report (**Attachment 1**) fulfills this requirement by outlining all water quality sampling results, and confirms that the City has maintained its water distribution infrastructure in a manner that meets all applicable laws and standards.

This report has been submitted to Fraser Health Authority, and will be made available to the public in accordance with the Water Quality Monitoring and Reporting Plan for Metro Vancouver and member municipalities, as well as with the *British Columbia Drinking Water Protection Act* and *British Columbia Drinking Water Protection Regulation*.

Discussion

Metro Vancouver collects and analyzes water samples from the distribution system on behalf of the City of Port Moody. A full summary of all water quality sampling results can be found in the appendices of the 2019 Annual Water Quality Report.

Financial Implications

There are no financial implications associated with receiving the 2019 Annual Water Quality Report.

Communications and Civic Engagement Initiatives

The 2019 Annual Water Quality Report is posted on the City website.

Council Strategic Plan Objectives

This report is an annual regulatory requirement and is consistent with Council's strategic priority of Exceptional Service.

Attachment(s)
