Subject: Future Bright - Supporting Children Education

Dear Mayor Vagramov:

I am employed by the Elizabeth Fry Society of Greater Vancouver as a *Registration Facilitator* for the Future Bright Program.

The [Elizabeth Fry Society of Greater Vancouver](#), if you're not familiar with it already, is a not-for-profit organization that for over 80 years has supported some of society's most vulnerable populations – women, girls and children at risk, involved in or affected by the justice system. Our more than two dozen programs work to break the cycle of poverty, addiction, mental illness, homelessness and crime.

Our newest program, called [Future Bright](#), is designed to help families access the different grants available for their children's post-secondary education by opening an RESP without any need to contribute towards the account and where \$0 fees are involved. Parents could access up to \$3,200 or more.

There is absolutely no cost for this service to the families or to your organization. I've attached a poster that outlines the main points and benefits to families and organizations that take advantage of the program. We undertake to do all the necessary leg work to facilitate the member's registration and assist them in obtaining any of the documentation required for the program. There is very little time and effort required on the part of organization members other than arranging for us to meet or referring us to member's that could benefit from the program.

In order to see if this program could be a good fit with programs that you already have in place, I'd like to arrange a suitable Zoom meeting time with you and other members of the committee that you think may be interested, to discuss the program further and see how we might be able to be of service.

If interested in the program going forward, we would send marketing materials including posters, flyers and cards, to pass on to clients at your own discretion. Your clients' information would remain anonymous to us until they choose to access our program.

Thank you. I look forward to hearing from you.
